Ice Melt Run (Pre-Approved) End:	TBD	TBD	TBD
Anticipated Plow Start:	TBD	TBD	TBD
Anticipated Plow End:	TBD	TBD	TBD

Additional Notes:

Light Snow Showers or Flurries could develop overnight as a bitter cold front passes through. We are not expecting much accumulation. The cold front passing through will usher in the coldest air of the season. The high temperature for Thursday is forecasted to be 11-16 Degrees. We will monitor mobilizing if and when conditions dictate.

Friday looks to bring in our next chance of measurable snowfall. Early readings are 3-6" Friday into Saturday.
