**Additional Notes:**

**Snow will begin late this morning and continue into the evening hours. Heaviest snowfall looks to be between 1-5:00pm this afternoon when 1” of snowfall an hour is possible. Snow will be light and fluffy. Most snowfall will be on the ground by 7:00pm with snow showers to linger through midnight. After midnight, there will be chance for some Lake Effect snow to possibly develop, less then 1” is expected of Lake Effect snow. Winds will be rather calm throughout the event. Temperatures will continue to be cold with a high of 16-20 degrees today and low tonight of 10 degrees.**

**Pre-approved and commercial sites will be serviced through out the day as needed as conditions warrant.**

**For any additional service request, please have any and all requests into your Acres Account Representative by 5:00pm this evening. Thank You**
